SPORTS TAPES RETAIL PACK

TAPING SUPPLIES

Neutral, breathable and hypoallergic underlay material. UnderWrap makes pre-taping hair removal unnecessary and helps to avoid the skin contact with the adhesive layer. Porous structure does not prevent natural skin heat exchange and perspiration as well as provides ventilation. Helps to prevent possible allergic reactions.

LYMPHATIC AND PRESSURE MASSAGE SYSTEMS

Pharmacels® - 8120

Compression lymphatic system of the newest generation, Pharmacels 8120 is designed for professional medical use and cosmetological sessions. Thanks to improved twelve chamber cuffs the system provides more accurate treatment. 8120 system allows to set different leveled pressure as well as set an individual timer in each section of a cuff. Big number of modes and various functions allow to individualize the treatment process for achieving the best results possible.
